HONG KONG. 4-6 OCTOBER 2018

SPONSORSHIP & EXHIBITION OPPORTUNITIES

From Thursday 4 October – Saturday 6 October 2018, the RANZCP's Section of History, Philosophy and Ethics of Psychiatry is delighted to be hosting the International Network for Philosophy and Psychiatry 20th Annual Conference, which is being held in Southeast Asia for the first time this year.

The theme of the conference is *History, Philosophy and Ethics of Psychiatry: The State of Play in the 21st Century*.

International keynote speakers **Professor Michael First** (US) and **Professor Georg Northoff** (Canada) will join us. Professor First will present on conceptual issues in psychiatric diagnosis and the classification in the 21st century, while Professor Northoff will ask the question "*Are mental features spatiotemporal?*", sharing his views on what neuroscience and philosophy can learn from psychiatry.

Joining them, our invited speakers will provide insights into Buddhist philosophy, neuroscience and mental health, phenomenology of empathy, Jungian psychotherapy and cultural adaptations, hermeneutics and the whole person discourse, and the ethical controversies and dilemmas in psychiatric practice.

Free paper sessions will allow delegates the opportunity to be involved in the program participating in symposia, and oral and poster sessions.
