

RANZCP Honorary Fellowship

Regulation

Authorising Body:	Board via the Corporate Governance and Risk Committee
Responsible Department(s):	Membership and Events
Document Code:	REG MOP-MEM Honorary Fellowship Regulation

Purpose

The purpose of this regulation is to provide recognition for a class of Honorary Fellows within the College pursuant to Article 3.6 of the Constitution, as well as to detail eligibility criteria and administrative procedures for the conferring of Honorary Fellowship.

Background

The RANZCP Constitution sets out five classes of membership of the College: Fellows, Affiliates, Associates, Honorary Fellows and International Corresponding Members. The previous Memorandum and Articles of Association also allowed for Honorary Fellowship, and this class of membership has been utilised within the RANZCP dating back to at least the 1970s.

Article 3.6 of the Constitution states:

- 3.6.1 *The Board may in its sole discretion elect as Honorary Fellows such persons who meet prescribed criteria as may be determined by the Board in accordance with Regulations.*
- 3.6.2 *An Honorary Fellow shall have the same powers, privileges and liabilities as a Fellow, except that an Honorary Fellow shall not be required to pay any annual subscription or other fee or levy or to satisfy the College's professional development requirements.*
- 3.6.3 *An Honorary Fellow shall be entitled to attend and speak but shall not be entitled to vote at General Meetings.*

Eligibility criteria

The following criteria will be used by the Board in considering a nomination for Honorary Fellowship:

- Honorary Fellowship will be awarded to medical practitioners, other health professionals, or community members – either from within Australia and New Zealand or from overseas – who do not otherwise qualify for Fellowship of the RANZCP.
- Honorary Fellows are expected to have made an exceptional and prominent contribution to psychiatry and/or mental health in Australia, New Zealand or the Asian or Pacific regions, directed towards improving the mental health of communities through high quality mental health care, education, leadership or advocacy. Contributions may include (but are not limited to) promoting better care and patient outcomes, increasing public understanding of mental illness, and/or informing and influencing mental health policy.

Individuals nominated for Honorary Fellowship may have an existing relationship with the College.

Nomination and assessment process

The election to Honorary Fellowship of the RANZCP is made by the Board, and Board approval must be unanimous. Honorary Fellowship is by nomination only, and the conferring of Honorary Fellowship will generally be capped at two (2) Honorary Fellows per year.

The processes around nominating and assessing a candidate for Honorary Fellowship of the RANZCP are as follows:

- A call for nominations for Honorary Fellowship shall be made annually, with nominations to be received by 31 October each year.
- Candidates may be nominated in either of two ways:
 1. Proposed by (a) member/s of the Board; or
 2. Proposed and seconded by any two Fellows of the RANZCP, in the form of a confidential letter to the President via e-mail to president@ranzcp.org. Nominations shall outline in detail the nominee's exceptional and prominent contribution to psychiatry and/or mental health in Australia, New Zealand or the Asian or Pacific regions, directed towards improving the mental health of communities through high quality mental health care, education, leadership or advocacy. The nomination shall be accompanied by a detailed CV showing biographical details of the nominee, relevant information on the nominee's appointments, and any of the nominee's publications.
- After the closing date, the Board will assess complete nominations against the stated criteria.
- The College's Board shall have absolute discretion in the granting or revocation of Honorary Fellowship of the RANZCP.

Further information

Honorary Fellowship does not reflect the qualification and educational achievements of Fellowship of the RANZCP and does not qualify an individual to practise psychiatry.

Conferring arrangements, testamur and post-nominals

If Honorary Fellowship has been approved by the Board, it should be formally conferred to the recipient during the RANZCP Congress, at the College Ceremony, unless otherwise agreed by the Board. Costs associated with attending Congress will be borne by the recipient.

An Honorary Fellowship testamur will be produced, and presented to the recipient as part of the College Ceremony.

Honorary Fellows are not entitled to use post-nominals (e.g. Hon. FRANZCP) or the FRANZCP insignia, however may refer to themselves as 'Honorary Fellow, The Royal Australian and New Zealand College of Psychiatrists'.
