

SURFING THE WAVES OF NEUROSTIMULATION:

SEN 2020 Conference

Section of Electroconvulsive Therapy and Neurostimulation
7 – 9 August 2020 • Noosa, QLD

About the conference

Dates: Friday 7th August – Sunday 9th August 2020

Venue: Peppers Noosa Resort & Villas, Noosa Heads, QLD

Website: [Section of ECT & Neurostimulation 2020 Conference](#)

The Royal Australian and New Zealand College of Psychiatrists' (RANZCP) Section of Electroconvulsive Therapy (ECT) and Neurostimulation is pleased to announce its upcoming conference in August 2020.

The theme 'Surfing the waves of neurostimulation' has been chosen to not only link the conference to its fantastic location but also to highlight the growing challenges facing practitioners in confidently prescribing old and new neurostimulation technologies within an increasingly complex political and social environment. The outstanding line up of presentations will cover a broad range of clinical and scientific aspects of ECT, rTMS and other new technologies.

Supporter benefits

- Raise your profile by showing your support to this substantial delegation
- Reinforce your credentials as a key supporter
- Potential reach of 250 delegates in relevant fields
- Publicise your activities and promote your company or brand
- Meet and interact with leaders in neurostimulation technologies
- Reinforce relationships with existing clients and develop new contacts
- Discover the current trends and challenges in psychiatry and how your company can assist them
