

# PSYCHIATRY TRAINING PATHWAY

2012 (competency-based) Fellowship Program

The Royal  
Australian &  
New Zealand  
College of  
Psychiatrists

# CONSIDERING A CAREER IN PSYCHIATRY?

Psychiatry is a remarkably diverse medical specialty. It is a rich and dynamic discipline that will provide you with a rewarding lifelong career, as psychiatrists play an essential part in delivering specialist medical services.

The Royal Australian and New Zealand College of Psychiatrists represents the medical specialty of psychiatry in Australia and New Zealand and oversees the training and examinations for qualification as a consultant psychiatrist.

The College's vision is "a fellowship of psychiatrists leading the achievement of quality psychiatric care and mental health for our community."
