The following EPA will be entrusted when your supervisor is confident that you can be trusted to perform the activity described at the required standard without more than distant (reactive) supervision. Your supervisor feels confident that you know when to ask for additional help and that you can be trusted to appropriately seek assistance in a timely manner.

<th><strong>Deliver and evaluate clinical (bedside) teaching sessions.</strong></th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description</strong></td>
<td>Teaching clinical (bedside) skills, such as clinical assessment, communication skills, to a variety of learners, including medical students and interns. The trainee will prepare, deliver and evaluate at least three clinical (bedside) teaching sessions. Note: ‘bedside’ is the term traditionally used in medical education but it is acknowledged that in psychiatric practice, patients are ambulatory.</td>
