RANZCP PhD Scholarship

Project Details

Project title (simplified)

Sample

Project title (scientific)

Sample

Lay summary

Explain your project in plain English (max 150 words).

Sample

Project background, literature review and rationale (max 500 words).

Note: References included in your application may be submitted as attachments and are not included in the word count.

Sample

Project Objectives

(max 500 words)

Sample

Methodology

Please outline the methodology you plan to use to achieve your research project aims *(max 500 words)*.

Sample

Research environment

Please describe the research environment in which you will be undertaking your project, including:

- The strengths of the school, institute or research group
- The strategic alignment of your project with your research environment
- Professional development support available, and
- Resourcing and funding available to support the research project (max 300 words).

Sample

Timeline

Please list your project milestones, including the anticipated start date, key stages, and end date (*max 300 words*).

Sample

Cultural safety

We encourage applications that prioritise cultural safety and support the mental health and wellbeing of Aboriginal, Torres Strait Islander and Māori peoples.

Please describe how your proposed research considers and benefits First Nations communities (*max 300 words*).

In your response, address the following as applicable

- How cultural safety is considered throughout the project
- The potential impact or implications of the research for Aboriginal, Torres Strait Islander or Māori.
- How your research addresses equity for Indigenous populations.
- Any engagement with, or involvement of, Indigenous communities, organisations, or partners.
- Inclusion of Indigenous knowledge, perspectives, or collaboration in study design.
- How your dissemination approach will appropriately include and reach Indigenous participants, communities, and stakeholders.
- If not applicable, please explain why.

Sample

Lived Experience

The RANZCP commits to improving the delivery of psychiatric care and mental health services by partnering with people with lived experience. This includes, supporting psychiatrists to work in partnership with people with lived experience so they can have genuine input in research, planning, monitoring, and implementation of treatment and care.

Please outline how people with lived experience are involved in the project (max 300 words).

In your response, address the following as applicable:

- How have people with lived and/or living experience informed the project?
- How will they be involved in the project, and what role will they play?
- How will their input shape the project's design, delivery, or outcomes?
- How will they be supported, recognised, and/or reimbursed?
- If not applicable, explain why.

Track Record

Academic qualifications

Please provide details of your academic degrees or qualifications in order, starting with the most recent.

	Qualification	University	Start date	End date

Research experience

Please provide details of your research experience, starting with the most recent.

	Role	Organisation	Start date	End date

Scholarships

Please enter details of all scholarships you have been awarded for your current or commencing degree.

	Scholarship name & Funding body	Amount awarded	Start date	End date

Prizes and awards

Please provide details of any past prizes or awards you have received, starting with the most recent.

	Prize	Details	Date

--	--	--	--

OPTIONAL | Other information

Please provide any other information relevant to your application, including professional memberships, guidelines or policies you have written or contributed to, and grants you are named on (*max 200 words*).

(No response)

OPTIONAL | Promoting diversity and recognising adversity

How do your personal experiences and background align with the RANZCP mission of promoting diversity and recognising adversity? If relevant, please also outline any diminished relative opportunity or career disruption that should be considered in the grant assessment (*max 300 words*).

(No response)

Budget

Budget

	Year 1	Year 2	Total
Stipend / Living Allowance	10	10	
Direct Research Costs	10	10	
Total	20.0	20.0	0

Supporting Documentation

Completed - Jun 14 2026

Applications close on Monday 31 August 2026.

Please ensure you complete each task before submitting.

You can edit your application until it is submitted (by clicking the three dots in the top right corner).

If you have any questions, please contact foundation@ranzcp.org

Supporting Documentation and Compliance

Please upload the following

- curriculum vitae including
 - a list of publications (with full references, starting with the most recent)
 - details of any scientific or medical conference presentations (including conference name, year and location), listed from most recent to earliest.
- evidence of ethics approval, or a pending ethics application, from a Human Research Ethics Committee (HREC), a Health and Disability Ethics Committee (HDEC, Aotearoa New Zealand), or another approved ethics committee. If this is not yet available, a letter from the applicant's supervisor confirming ethics approval is in progress must be provided
- two letters of support from a referee, supervisor or research group leader
- reference list (if applicable)
- any other supporting documentation

Additional information (optional)

Please include any other information or notes.

(No response)

Please select any additional RANZCP grants for which you would like your application to be considered.

(No response)

Compliance declaration

The compliance declaration needs to be completed in full. If you have any questions or concerns, please contact us at foundation@ranzcp.org

Responses Selected:

The project/grant funds will be utilised in Australia, New Zealand or a neighbouring regional nation.

This application does not include recurrent expenditure considered in a previous application.

This application does not include auspicing arrangements where the organisation applying is not the one that will be responsible for delivering the project.

This application does not include capital or endowment funds intended to provide a corpus for another entity.

I have no outstanding acquittal or reporting obligations to the RANZCP.

I have disclosed any previous or current funding received by any individual, group or organisation

This application is compliant with established psychiatry research, ethics approvals, and consent protocols for conducting this research/project.

I have no conflicts of interest (actual or perceived) at the time of making this application. If 'yes' please provide supporting information about the conflict identified and how it can be appropriately managed.

Background

The Royal Australian and New Zealand College of Psychiatrists (RANZCP) has established standard form Scholarship Funding Rules (subsequently referred to as 'Rules'). These rules may form the basis or precedent for similar programs and grants including PhD Scholarship Funding.

Requirements

Each grant will have appropriate terms to support its function.

Terms

Each Grant will have appropriate tailored information to support the delivery of the Grant. At a minimum these will include:

- Description: to outline the area of focus of the Grant, its objectives and intended outcomes.
- Eligibility Criteria: a candidate must satisfy the eligibility criteria as listed in the grant guidelines.
- A defined Grant Activity Timeframe and Grant Value.

General Terms are as follows:

Acknowledgement: Suitable acknowledgement of the support given by the RANZCP must be made by Recipients in all publications, presentations, summary findings and media announcements relating to research arising from the Scholarship funds. The form of this acknowledgement will be provided in the award. The Recipient will make the results of their research available through the appropriate academic publication channels.

Acquittal: Where the Scholarship funds are not used for the permitted uses and/or according to the approved budget proposal, the RANZCP Foundation reserves the right to make a formal request of the Scholarship recipients(s) for the scholarship funds to be returned.

Agreement: The Recipient must enter into a tripartite agreement with both the RANZCP and their administering institution, before receiving funding. That agreement will set out the terms and conditions to receive the funding and the obligations of the Recipient.

Amendments: Any request to amend the Scholarship must be made in writing on the prescribed Amendment Request Form. Any such request will be considered by the RANZCP on a case-by-case basis, and will be determined by the RANZCP, in its sole discretion.

Applications: Scholarships are awarded based on applications submitted. Applications must be submitted via the online application system by the advised closing date.

Applicant: Applicants must be in good standing and current financial members of the RANZCP.

Assessment and selection: The RANZCP assesses and awards the Scholarships at its sole discretion. The RANZCP is under no obligation to offer any Scholarship and may withdraw any Scholarship at any time and for valid reason.

Deferment: Commencement of the Scholarship may not be deferred. Entitlements such as candidature leave and subsequent deferral or suspension of the Scholarship will be consistent with the relevant administering tertiary institution's policies and procedures. The Recipient must advise the RANZCP at least 4 weeks prior to the required leave. This notice period does not apply to leave because of sudden injury or illness.

Donor Funded Scholarship: Where a scholarship is funded, in whole or in part, by donations pledged by a third party, the College is under no obligation to award the scholarship, or to pay it in full or in part, if the pledged donation is not received as promised.

Ethics: Applicants must have approval, approval, or evidence of a pending application, to carry out their research from the Human Research Ethics Committees (HREC), or the Health and Disability Ethics Committees (HDECs, NZ) or another approved ethics committee.

General award terms: Scholarship recipients must perform the activities specified in the scholarships application and notify the RANZCP if they are unable to perform the project. The Scholarship recipient is responsible for the management and retention of records for the project in accordance with ethics requirements and as stipulated in relevant Scholarship agreements and documentation.

Limitations on scholarship eligibility: An applicant who has been offered or awarded a RANZCP Foundation grant in a calendar year will not be eligible to accept a scholarship in the same year. Where an applicant is offered both a grant and a scholarship, the applicant must nominate which award they wish to accept, and only one form of funding will proceed. Neither award is transferrable to a future date.

Other Awards: The Scholarship recipient may hold other scholarships, grants or supplementary awards. This must be in line with the administering tertiary institution policies and procedures.

Payment: Scholarships will be paid to the nominated institution, not to individual recipients.

Privacy: Administration of the RANZCP Foundation, including the application process, management of Scholarships and distribution of Scholarship funds, is managed in line with the RANZCP Privacy Policy. The Recipient agrees to the publication of details including their name, the Scholarship of which they are a recipient, and a description of the research to which the Scholarship relates on the RANZCP website, emails, and social media.

Reporting: Recipients are required to provide reports to the RANZCP, including an initial report, six monthly progress reports, annual ethics reports, and a final report including financial acquittal. Failure to provide two consecutive reports may result in no further funding awarded.

I acknowledge I have read and agree to the funding rules. I acknowledge the receipt of any funds is tied to adherence of these rules.

Yes
