

Fili 'ae ngaahi 'aho pe houa ngāue
'oku hoa mo ho'o fiema'u'

'It is important to me to have a life
as well as a career and psychiatry
lets you do that'

Fakalahi hao taimi feohi
moe kau mahakí

'Psychiatry is extremely
rewarding... it is enormous-
ly satisfying to observe the
positive impact you make
on people's lives'

Fai'to'o falalūkufua mo
tokangaekina 'a e mo'ui
lōtolu

The interface of brain and
mind is a fascinating area

Faingamālie ke ke ngāue he
ngaahi fei'tu'u kehekehe

Be sought after all over Aus-
tralia and New Zealand

Koe ngaahi faito'o ' 'oku ola lelei
makatu'unga 'ihe ngaahi fakatotolo
kuo fakamo'oni'i pau

We are at the frontier of
medical research

Faingamālie ke ke ngāue he
ngaahi ngāue'anga kehekehe

Many psychiatrists split
up the working week
between 2-3 different
settings

Ako keke mataotao 'ihe mala'e 'oe mo'ui lelei 'ae 'atamaí

'Oku fu'u fiema'u
lahi 'aupito

Approximately 45%
of Australians¹ and
New Zealanders may
experience a mental
health condition in
their lifetime

'Oku 'iai 'ae ngaahi va'a kehekehe
te ke lava 'o ngāue aí

Ngāue'aki pē ho'o taukei 'ihe
ngaahi tafa'aki kehekehe 'oe
ngāue

Ngāue fakataha moe kau
mataotao 'ihe ngaahi mala'e
kehekehe 'oe mo'ui lelei

We work with a team of
health professionals
