

Au rā 'anga'anga rauka ngō'ie 'ua 'i te 'akatanotano

'It is important to me to have a life as well as a career and psychiatry lets you do that'

'Akapou'anga taime ki te aronga maki

'Psychiatry is extremely rewarding... it is enormously satisfying to observe the positive impact you make on people's lives'

Rapakau'anga 'i te Kōpapa Kātoatoa

The interface of brain and mind is a fascinating area

Rapakau'anga Meitaki 'ē tei rauka mai te Tika tikāi nā roto 'i te kimikimi'anga.

We are at the frontier of medical research

Tauuiui'anga 'i te ngā'i tā'au ka 'anga'anga

Be sought after all over Australia and New Zealand

Te au tū ngā'i 'anga'anga tūkētūkē

Many psychiatrists split up the working week between 2-3 different settings

Kite karape 'i roto 'i te tu'anga 'ō te manako

'Inangaro 'ua 'ia

Approximately 45% of Australians¹ and New Zealanders may experience a mental health condition in their lifetime

Au tūrangā tu'anga tūkētūkē tei 'akataka'ia

Kimikimi nā roto 'i te Tāmanako'anga 'ō'onu 'ē 'i va'o mai 'i tei mātau'ia.

Tūkētūkē te au tū Ta'unga Kite Karape

We work with a team of health professionals

Addiction
