Critical Essay

In essay form, critically discuss this statement from different points of view and provide your conclusion.

“Psychiatric patients are often disadvantaged - cognitively, socially and economically - and these disadvantages are frequently thought to be the patient’s fault.”

(40 marks)

Reference:

Fellowship Competency 1. Communicator – Weighting 10%

The candidate demonstrates the ability to communicate clearly. Spelling, grammar and vocabulary are adequate to the task, and able to convey ideas clearly.

- The spelling, grammar or vocabulary significantly impedes communication.
- The spelling, grammar and vocabulary are acceptable, but the candidate demonstrates below average capacity for clear written expression.
- The candidate displays a highly sophisticated level of written expression.

Fellowship Competency 2. Scholar – Weighting 20%

The candidate demonstrates the ability to critically evaluate the statement/question includes the ability to describe a valid interpretation of the statement/question.

- The candidate takes the statement/questions completely at face value with no attempt to explore deeper or alternative meanings.
- One or more interpretations are made, but may be invalid, superficial or not capture the meaning of the statement/question.
- One or more valid interpretations are offered that display depth and breadth of understanding around the statement/question as well as background knowledge.

Fellowship Competency 5. Medical Expert, Health Advocate, Professional – Weighting 20%

The candidate demonstrates a mature understanding of broader models of health and illness, cultural sensitivity and the cultural context of psychiatry historically and in the present time, and the role of the psychiatrist as advocate and can use this understanding to critically discuss the essay question.

- As relevant to the question or statement: the candidate limits themselves inappropriately rigidly to the medical model OR does not demonstrate cultural awareness or sensitivity where this was clearly required OR fails to demonstrate an appropriate awareness of a relevant cultural/historical context OR fails to consider a role for psychiatrist as advocate.
- The candidate touches on the expected areas, but their ideas lack depth or breadth or are inaccurate or irrelevant to the question/statement.
- The candidate demonstrates a superior level of awareness and knowledge in these areas relevant to the statement/question.

Fellowship Competency 6. Professional – Weighting 20%

The candidate demonstrates appropriate ethical awareness.

- The candidate fails to address ethical issues where this was clearly required, or produces material that is unethical in content.
- The candidate raises ethical issues that are not relevant or are simply listed without elaboration or are described incorrectly or so unclearly as to cloud the meaning.
- The candidate demonstrates an appropriate awareness of relevant ethical issues.
- The candidate demonstrates a superior level of knowledge or awareness of relevant ethical issues.
Fellowship Competency 8. Medical Expert, Collaborator, Manager – Weighting 20%
